

LAURENZ V. GRÜNER OR LATER

www.laurenzfive.com

- **LAURENZ V FRIENDLY GRÜNER**
(don't even bother trying to pronounce Grüner Veltliner)
- The story of this great grape from Austria is about a great wine growing family — **THE MOSERS**
- It started in 1124 in a little village by the river Danube and culminated the first time with Prof. Dr. Lorenz Moser III. He single-handedly created the modern vineyard management in the 1950's. Wherever you see trellising in vineyards globally, it was thanks to Laurenz Maria Moser V's grandfather
- **AUSTRIA**, is in the heart of Europe, producing less than 1% of the world's wine, handcrafted and environmentally responsible
- **FRIENDLY "GRÜNER"** is the chameleon of wine – whatever you want to pair it with works beautifully
- **"FRIENDLY"** is very refreshing marriage of grapes from the Kamptal and Kremstal – think of the floral perfume of a German Riesling, the refreshing zip of a Loire Sauvignon Blanc and the lusciousness of a Northern Italian Pinot Grigio, all in great harmony .
- Why do we call it **"FRIENDLY"**? ... guess you will have to try it ...

GRÜNER OR LATER – PLEASE ENJOY !
