LAURENZ V. SILVER BULLET GRÜNER - **500 ml**  
a new star "Made in Austria". Attention please, cult potential!

LAURENZ V. stands for the 5<sup>th</sup> Generation of Winemakers of the L(aur)enz Maria Moser family – a name first recorded in the region as early as 1124.

"GRANDPA GRUNER" Prof. Dr. Lorenz Moser III. made viticulture history after he pioneered the trellising system for vineyards across the world in the 1950's. He additionally experimented with Grüner Veltliner. Thanks to his success and influence his grandson L(aur)enz M. Moser V. concentrates entirely on this grape. LAURENZ V. = ONLY GRUNER.

SILVER BULLET GRÜNER - thus an old dream of L(aur)enz M. Moser V. has come true as he always wanted to name a Gruner the "SILVER BULLET" (well, growing up in California in the late 1970's ...)

"SILVER BULLET" originates from Kamptal's major town Langenlois, growing in only three vineyards - SILVER BULLET = 100% GRUNER, 100% LANGENLOIS, 100% KAMPTAL DAC

500 ML the great little one by LAURENZ V., made in Austria. Ideal size for two - have a nice date!

Why do we call it "SILVER BULLET"? - Guess you will have to try it ...
